POLO GROUNDS, NEW YORK,

Oct. 10.—The sneaky right arm and

brilliant pitching of young Waite

Hoyt baffled the Giants again today.

day.

Hoyt turned back the fighting Mc-

Graw men in the fifth game of the

world series by a score of 3 to 1 and

put the Yanks in the lead once again.

The Huggins men now have won

three games against two for the

Giants, and Hoyt has stepped forward

as the pitching star of the series,

having won two games.

Thirty-five thousand fans cheered

the Yank victory.

Once again it was Artie Nehf,

Giants southpaw star, who went down

in defeat before the "Brooklyn

schoolboy." Nehf pitched brilliantly

but his work on the mound was not

as fine in the tight places as that

of Hoyt, whose teammates made

their hits count. The Yanks out-

thit the Giants, 10 to 6.

The stick work of Schang, Ruth,

Bob Meusel and Ward, coupled with

a base on balls, accounted for the

Yanks' victory. Ruth was struck

out three times out of four times up

by the wily Nehf, but on the other

occasion he pulled the unexpected

laying down a bunt and beating it

out, thereby starting a rally that put

the game on ice for the Yanks.

The victory of young Hoyt puts

the Yanks very much into the world's

series once more and they proved

they are a team of fighting players

worthy of the mettle of their oppo-

nents.

Ruth, who got into the game again

today despite his sore elbow, is un-

questionably an inspiration to the

Yanks. He said he hoped to play

the whole series. He collapsed on

the bench today after racing home

with the run that put the Yanks in

the lead, but resumed playing after

a few minutes.

Following is today's game, play by

## QUEEN CONTEST BY LOCAL LEGION IS NOW UNDER WAY

Carnival Will Be Held on  
Armistice Day; Prizes  
Will Be Awarded

Armistice Week holds great promise for Glendale.

Post No. 127, American Legion, will hold a carnival with a queen contest today. She will preside over a great parade to be given on Armistice Day, after having been crowned on the night of November 9.

All of this is announced in conjunction with the official opening of the queen contest today. It is going to be a fight to the finish for popularity, with a \$200 diamond ring as the capital prize. Then there will be a \$100 wrist watch and \$50 bar pin for second and third, making it well worth while.

The valuable diamond is on display at Arthur Dibbern's jewelry store, 121 North Brand boulevard, and every girl nominated should see that wonderful ring before starting a canvass of their friends for votes.

Good for 100 Votes  
In another column of The Glendale Evening News today there is a nomination blank, good for 100 votes, which should be mailed to L. W. Hoge, care of Monarch Auto Supply company, 121 South Brand boulevard, Glendale. This will be headquarters for the queen contest.

Now about the carnival. The Legionnaires have made arrangements to bring the Sheesley Shows here, a 25-car carnival company that has recently entered the field with a higher class of entertainment than usual. Besides this great aggregation, there will be local events and a program that will attract visitors from all over the southland. More will be told of the plans as they are formulated by the Legion committee composed of W. B. Kelly, E. O. Kiefer and James F. McBryde.

## Junior Auxiliary Has First Winter Meeting

The first meeting of the season of the Junior Auxiliary of the Glendale Music club, of which Miss Veda Knapp is president, and which was held Saturday night at the home of Miss Helena Richardson, daughter of Dr. and Mrs. L. E. Richardson of 1856 South Brand boulevard, proved to be a most interesting and successful affair, with over fifty auxiliary members present.

The program for the evening included Russian music. The first number was a group of two songs by the orchestra, "Song Without Words" (Tschakowsky) and "La Czarine" (Ganne); vocal duet, "The Angel" (Anton Rubenstein), sung by Helena Richardson and Dorothy Thompson, accompanied at the piano by Ruth Goldsborough; an essay on Russian music, read by Miss Josephine Booth; several Russian folk melodies sung by Glen Hurd. These melodies were picked up by him from the peasants while he was serving with the U. S. army in Siberia. Following the musical program refreshments and games were enjoyed.

The next meeting of the Junior Auxiliary will be held October 22 at the home of Miss Knapp, 214 West Chestnut street.

## Secretary of C. of C. Visits Yucaipa Valley

Mr. and Mrs. James M. Rhoades of 469 Hawthorne street, and Mr. and Mrs. Edwin Dodd of 421 Gilbert street, motored to Yucaipa valley Sunday and saw what Mr. Rhoades declares to be a greater apple country than Yakima valley, Wash.

Samples of the wonderful fruit were brought back by the Chamber of Commerce secretary for display here as one of Southern California's products. It is well worth anyone's time to visit the valley and see the apple, pear and peach orchards there, he says.

## LIVESTOCK INDUSTRY AIDED

NEW YORK, Oct. 10.—Eugene Meyer, Jr., president of the finance corporation, declared the work of restoring normal conditions in the livestock industry was making rapid progress and that the finance corporation was ready to stand behind the work with all the necessary funds.

"The livestock industry is fundamental," he declared, "and we are prepared to lend as much money as may be necessary." Meyer has just returned from a trip through the livestock country.

## GIVE REASONS WHY SCHOOLS REQUIRE BONDS' SUPPORT

Members of Committee Tell  
Public Reasons for Asking  
for \$260,000 Issue

(Continued From Page 1)  
crowded at the present time and undoubtedly will be in still worse condition next year. The majority of our school rooms have more than forty children in attendance and some rooms have fifty and even sixty.

What Will Be Used For  
The program recommended by the committee and adopted by the mass meeting of April 7, 1921, is as follows:

"A site will be purchased and an intermediate school erected at Park and Glendale avenues. This school is planned to contain eight classrooms, administrative offices, a cooking room, a sewing room, manual training room, and an auditorium, the latter not only to be used by the school but also to furnish a community meeting place for the people of south Glendale who are now entirely without one."

"Additions will be made to the grounds of the following schools: Columbus avenue, Acacia avenue, Colorado boulevard and Doran street."

"Additions will be made to the following buildings: Columbus avenue, Acacia avenue, Colorado boulevard, Doran street and Pacific avenue. Following the recommendation of the committee these additions will be in the form of separate units of two, three, or four rooms of first, proof or semi-proof construction, all to be built on practically the same plan except where the exterior will have to be changed to conform with the present building."

Will Be First Units

"The plan is to so construct those units that they will be suitable as a part of a permanent plan, that is to say, they will be the first units of complete buildings or groups of buildings, to be constructed later. This statement does not of course apply in full to permanent buildings, such as the Pacific avenue school where the new units will be made to conform to the architecture now on the grounds. It is the opinion of the board, and we believe also of the community, that such buildings as the Cerritos avenue, Columbus avenue and others that are similar will be replaced by buildings of a better and more permanent type of construction, and what is planned to do now is the first step in that direction."

"Two more projects to be carried out under this bond issue are the erection of a one or two-room school in the Verdugo Canyon if a site is available there, and the purchase of a site and erection of a three or four-room school in the Grand View District. The board will also make an earnest effort, if sufficient funds are available, to erect a two-room permanent unit on the Cerritos avenue school grounds."

Cost to Taxpayer  
"Using as a basis the assessment of March, 1921, the increase in the tax rate caused by the voting of these bonds would be ten and one-half cents on the one hundred dollars of assessed valuation. To the owner of a \$5,000 home assessed at 50 per cent of its value this would mean an increase in his taxes of \$2.65."

"By voting these bonds and embarking upon the building program outlined above the city of Glendale will keep itself in the place where it now belongs in the front rank of southern California municipalities. A community without good and ample school facilities for its children is a seeker. Real estate dealers are fully aware of how vitally the question of school facilities enters into the decision of a newcomer to buy a home in our city. A progressive community cannot afford to do without good schools. The real question involved in this bond issue is, 'Shall Glendale continue to progress or shall she turn backward?'"

"In conclusion we urge every voter to go to the polls on October 11 and vote for this bond issue."

"The polling places are as follows: Central avenue school for those living north of Doran street, Cerritos avenue school for those living south of Windsor Road, Intermediate school for those living between these two streets. The polls will be open from 8 a. m. to 6 p. m."

## Spanish Dance Feature of Blue Moon Program

A Spanish dance, both vigorous and graceful, was the feature of Saturday night's dance at 109 North Brand boulevard under The Blue Moon. Juan and Juanita Zorrachinos, of Alhambra, who have appeared in big time vaudeville, were brought to the hall especially for the occasion. Their exhibition of a form of the Spanish fandango, in which each partner keeps a "safe" distance from the other, was much enjoyed during a lull in the regular dancing. Senor Zorrachinos preceded the dance by an operatic aria. Senor Zorrachinos did not sing but he did shake a pair of musical castanets. "S' funny the different ways people have of getting exercise, ain't it?"

## COMMENT THAT'S ALL

Snowstorms and Sunshine  
Russian Commends U. S.  
"The Heart of America"  
Where Is Ruberta?

By Gil A. Cowan

SNOWSTORMS in Michigan! Cold weather through the east and south. Sounds like winter and feels more so to those who live there. Sunshine in California! Picnics and swimming parties in the mountains and at the beaches. Sounds like heaven and seems more so for those who live here.

There's a parallel in climates which should bring thousands hurrying to the coast for the balmy winter months.

Leo Kemeeneff, president of the Moscow soviet, in addressing the all-Russian executive committee of the all-Russian soviets, commended the Americans for being the first foreigners to supply relief on a large scale and on business-like terms, according to news dispatches recently published.

That is a compliment for Walter Lyman Brown, to whom Glendale lays claim as a resident. He is the head of the American European relief administration, having succeeded Herbert Hoover.

It was only a few weeks ago that the agreement was signed which permitted the United States to give relief to the Russians. But as soon as they showed good faith in releasing the American prisoners, succor was sent to their satisfaction. At least M. Kemeeneff's statement would so indicate.

A lively interest has sprung up in the West concerning the process of eastern football teams since the great East-West game at Pasadena, Calif., was made an annual event. Followers of football want to know about the strength and the chances of the eastern teams from which the probable opponent of the west will be selected.

Mindful of this the Pacific Sports service has sent Franklin B. Morse to New York for the purpose of sizing up the big eastern elevens, and readers informed as to conditions and probabilities. Mr. Morse, a former Princeton half-back, was rated the best player of his time by Walter Camp and all other experts. He will attend all big games and write his impressions which will be the most complete analysis offered by any service in the country.

Kansas City, Missouri, is to be the national meeting place of the American Legion this year. From the east and west and north and south the conquering heroes will congregate in the metropolis of the middle west.

In days past Kansas City has been a right royal host to similar events. The people of Missouri and Kansas are most hospitable, especially with the service men. Well do I remember when the mid-west divisions were returning from France what a wonderful reception was accorded them as they marched from the Union Terminal through the business district centering on Main street.

From Eighteenth street down to Ninth it was one continuous roar of "the heart of America." The boys will remember that and go to Kansas City with the expectancy of a "grand and glorious" time.

Do you know where the following streets are located?  
Ruberta avenue, Los Angeles street, Fourth street, Rustic lane and Vine avenue.

They are only a few which cause no end of trouble for the business men who dispatch mail through the local branch postoffice. The residents of the streets named are served principally by rural route.

And who knows where the city carriers stop from the rural carriers begin? So far as the business houses are concerned, they send a messenger to the address rather than waste stamps and useless effort in trying to locate something similar to quantity X in algebra.

## Number of Thefts Are Reported to Officers

Wholesale thefts from motor cars parked in front of stores, theatres and residences have been reported to the police here.

Mon Randall of Los Angeles had numerous articles taken from his car while parked near a local theatre. Two spotlights were taken from A. F. Shaw's machine in the same vicinity. He resides at 1197 East Colorado. E. R. Best's car was taken from its parking place, but later recovered.

G. S. Barton of 801 East Elk avenue had a spotlight taken from his machine near his home. Two cars parked near the new Catholic church were tampered with, officials of the bazaar reported.

Harold Whitaker of 127 Arden avenue had his wheel stolen from in front of a local theatre. Arthur Cressy had a snare drum taken from a dressing room at the high school. Vice Principal A. L. Ferguson reported.

A "Peeping Tom" was discovered at the Geitz home, 525 Alexander street last week, but he fled before the officers arrived.

Saturday afternoon members of the police department met at the target range in Sycamore canyon and practiced shooting under the instruction of Captain Loving, a deputy.

A. E. Hale of 1907 Alpha road reported a valuable Toggenburg goat has come to his place. He would like for the owner to call and get the "buntinsky."

A collier dog belonging to H. M. Bennett of 711 North Maryland avenue was recovered by the police, it being identified by the license tag. Three mashers were taken in tow by Captain Thomas McGuire and turned over to Chief of Police A. O. Martin, who gave them a severe reprimand. The boys promised to behave.

## OFFICERS, TEACHERS ARE INSTALLED AT FIRST METHODIST

Prof. J. H. Montgomery, Here  
From State University, Is  
In Charge of Services

Prof. J. H. Montgomery of the University of California, occupied the pulpit at the First Methodist Episcopal church Sunday morning, his topic being "Religious Education."

"Definitions," said Prof. Montgomery, "are so unsatisfactory that I shall not attempt to define religious education. There is in every child a latent religious instinct that the proper religious education develops and strengthens. It is not a substitute for the new birth, but supplements this grace."

"Religious education trains man as a child of God for the family of God. It helps to the complete life. Teaching in the church of Christ is coming to the fore and the Bible is the needed text book."

"What can one do to advance the cause of religious education? First, know about it. Second, talk about it. Apply it to your church need. Get back of the program. Covet the best for your church. God's spirit is essential for success, but God's spirit works best when we are doing our best."

## Fred Sawyer to Head Lumber Company Sales

Fred Sawyer of Ogden, Utah, ar-  
rived in Glendale the latter part of  
last week, and this week assumed his  
duties as chief salesman for R. E.  
Boyd, president of the Glendale Lum-  
ber Company, 314-328 North San  
Fernando road. Mr. Sawyer is an  
efficient salesman of much experience  
in the lumber business and will prove  
a very valuable addition to the new  
company, Mr. Boyd states.

Mr. Boyd also stated that the  
Glendale Lumber Company is hardly  
"squared away" in the line of build-  
ing, but is ready to take care of all  
orders and had delivered many dur-  
ing the past week. The new office  
building in the southwest corner of  
the property is not completed as yet  
and will require three or four more  
days before it will be ready for oc-  
cupancy.

The force of men engaged in do-  
ing the carpentering is rushing the  
work to completion as fast as pos-  
sible, for the increased building activ-  
ity in Glendale has resulted in an  
increased demand for building ma-  
terials of all kind. The high fence  
which stands between the office and  
the row of trees will be removed soon  
so that autos will have plenty of  
room to drive up in front of the of-  
fice. Mr. Boyd is very optimistic over  
the future of the company.

"We are now taking care of or-  
ders," he said, "and we have de-  
livered many orders already. It will  
perhaps require a few days more to  
get completely squared away for  
business."

"A valued addition to the company  
arrived the latter part of the week,  
Fred Sawyer, of Ogden, Utah, who  
will have charge of the sales depart-  
ment. This is Mr. Sawyer's first trip  
to Glendale and he is very pleased  
with the place and is planning to  
move his family here from Utah as  
soon as possible."

## Mr. and Mrs. Williams Adopt Pretty Orphan

After a last sly flirtation with  
Henrietta Smith Ford, Mr. and Mrs.  
Andy Williams and their daughter,  
Charlotte, returned to their home,  
1006 East Wilson avenue, with a  
sack of groceries, a large water-  
melon, a bathspray and a lot of num-  
bered tickets following an exciting  
evening at the Catholic church ba-  
zaar at which "Andy" of the Crown  
Cafe, spent money—like a restaurant  
proprietor.

What, did you not know that Mr.  
and Mrs. Williams had any children?  
Well, neither did they—until that  
fair night. They were inveigled  
into adopting one of the orphans at  
the lewpele di booth. In her green  
ballet dress trimmed with a feathery  
ruffle of lavender she is quite a  
handsome baby. She went home  
tucked under the arm of "Dad"  
Williams.

## Paul Lowry, Sporting Writer, Locates Here

Another celebrity! Paul Lowry,  
sporting editor of the Los Angeles  
Times, and family, moved to Glen-  
dale Saturday and are occupying a  
new house at 616 West Doran.

The family includes: Mrs. Lowry  
and their baby, "Miss" Paula; Mrs.  
Jack C. Devitt and two children,  
Tommy and Draxy, who arrived from  
New York City a few days ago; and  
his mother, Mrs. Elizabeth Lowry,  
who has just returned to California  
from Yakima, Washington.

Right now Mr. Lowry is quite  
fully occupied with world series copy.  
He also has plenty to do in seeing  
that the football news is written ac-  
curately. Yes, he likes Glendale—  
otherwise he wouldn't have moved  
here.

## George E. Ellis Has Charge of Decorating

Broadway, is busy painting and de-  
corating the interior of the "Polka  
Dot" cafeteria and lunch counter, 712  
East Broadway, for C. Thymen, who  
will manage the new enterprise for  
W. H. Marshall of Los Angeles.

Carpentering work is practically all  
finished on the interior, and Mr. Ellis  
will have the painting and decorating  
completed within the next few days,  
so that the establishment will be  
ready for patronage by the latter part  
of the week.

## Mrs. Eva Hutton Is Hostess to Members of Local W. C. T. U.

The regular bi-monthly business  
meeting of the local Woman's Chris-  
tian Temperance union was held on  
Friday afternoon at the home of  
Mrs. Eva Hutton of 326 East Colo-  
rado boulevard, with about twenty-  
five women in attendance. The  
theme throughout the afternoon was  
"Temperance work being done by  
the various missionary societies,"  
representatives from each of the  
Glendale churches making reports re-  
garding their temperance activities.

Mrs. Ruby J. Smart, who is presi-  
dent of the union, was the spokes-  
man for the First Methodist church,  
she describing the large number of  
foreign missionaries from that de-  
nomination who are associated with  
the Women's Christian union. She  
stated that the W. C. T. U. is or-  
ganized and functioning in forty coun-  
tries all over the earth.

Mrs. J. C. Creel, representing the  
First Christian church, then made a  
brief talk, which centered largely  
on the temperance and missionary  
work being done among the Indians  
of the North American continent.

She said that the main difficulty  
that is encountered when approach-  
ing an Indian is the fact that he has  
almost invariably been told of and  
given American "fire water." Her  
general subject was "Temperance  
work cannot be separated from that  
of the Missionaries."

Mrs. George Rowe of the First  
Baptist church also spoke of the  
problems confronting the W. C. T. U.  
and missionary workers among the  
American Indians. Her speech was  
illustrated and made more tangible  
by giving a number of statistics re-  
garding the work in this country  
and throughout the world.

Following the various reports and  
speeches the women enjoyed a de-  
licious course of refreshments which  
were served by the hostess, after  
which a special collection was made  
for the purpose of purchasing litera-  
ture for "Temperance Sunday,"  
which will fall on October 30.

The next meeting of the society  
will take place on Friday afternoon,  
October 21, at the home of Mrs. A.  
T. Crawford of 301 North Cedar  
street. The session will be in charge  
of Mrs. R. W. Mottern of 211 North  
Adams street.

wired collect to his brother, Ray-  
mond B. Seely, Wilsonville, Oregon.

## COMEDY KING TO BE SEEN TONIGHT IN LATEST PICTURE

Glendale Theatre Will Give Preview; Star and Company to Appear

Again tonight Glendale Theatre patrons will have the opportunity of seeing America's comedy king in a preview of his latest production which has been months in the making. This great added attraction will come at the close of the first show, so be early. Star and company, of course, will be present in person. Another important announcement is that Paul Carson today begins his engagement as organist. You will enjoy his musical accompaniment for the films. The regular program features the screen version of Arthur Hornblow's, "The Mask," one of the most absorbing and compelling photodramas of the season. Teeming with fast action and based on an ingenious plot that is replete with surprises and thrills, this extraordinary piece of entertainment is interpreted by a brilliant cast, headed by Jack Holt and Hedda Nova. The story revolves around a conspiracy against Kenneth Traynor, a young San Francisco business man, who leaves his beautiful wife and little son for Africa to transact a business deal in the diamond fields. Events which follow provide thrills and heart interest which would be spoiled in the telling.

## ANNUAL PICNIC BY GLENDALE'S ELKS IS MERRY EVENT

More Than 800 Are Present at Outing; Local Team Wins Games From Fillmore

lineup. Due to lack of practice and also to the makeshift playing field the game was replete with errors, misplays and "boners" in general, all of which added to the delight of the good natured rooters and "booners." Glendale scored the first run of the game in the second inning on two clean hits by Crane and Prince, shortstop and third baseman, respectively. The count was evened up in the last of the third when the Fillmores combined three Glendale errors with a two base clout for a trio of runs.

'Chuck' Flanders Stars  
With the score three to one in their opponents' favor the Glendalians garnered a fusillade of safe clouts in the opening half of the fourth canto, tallying three markers and again assuming the lead. From that time on the locals were never headed, scoring one run in the sixth, seventh and ninth innings.

Glendale's individual star of the day was diminutive "Chuck" Flanders, the phenomenal flash who covers second base. Charley's day's program at the plate was two doubles and a single, scoring a pair of tallies and bringing in another. His showing in the field was almost as brilliant, his one error probably being accountable to the rough infield.

## JUVENILES WILL BE FEATURED AGAIN; MOTHERS' NIGHT

T. D. & L. Theatre to Have Constance Talmadge Film on Special Program

Mother's Night! That's the drawing card at the T. D. & L. Palace Grand theatre. Those clever kiddies who appeared last week are still the talk of the town and Manager O. P. Wilkerson promises something better in the way of juvenile entertainers.

That happy combination of varied and elusive elements necessary to comprise a completely entertaining as well as interesting and amusing photoplay is deemed to have been found in "Wedding Bells," Constance Talmadge's latest release through Associated First National Pictures, Inc., which is the film feature today.

All the humor that could possibly arise as a result of a marriage that didn't "take," because the bride bobbed her hair has been well worked into the scenes through the clever adaptation of Zelda Crosby. The various roles are interpreted by a cast consisting of Harrison Ford, Emily Chester, Ida Darling, James Harrison, William Roselle, Polly Vann, Dallas Welford and Frank Honda.

The setting of the picture is in Palm Beach and New York City. "Tricked," a Northwest Mounted Police story, and Kinograms complete the big bill.

Fewer babies are born in June than any other month.

## TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Menthosulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Menthosulphur from any good druggist and use it like cold cream.—Advertisement.

## The WORLD OVER By FRANKLIN B. MORSE. PACIFIC SPORTS SERVICE

Pacific coast golfers generally are in accord with the opinion expressed by Roger Lapham, former president of the California Golf association, that the far west will not be likely to have the names of any of its players listed in the roll of national champions until our links are so constructed as to bring out the best there is in our golfers.

It is interesting to note that golfers who have had the opportunity to compare the Pacific coast links with those of the east and middle west note that the hazards differ in a number of essentials with those out here. In the first place the banks or sand pits are larger and more care has been used in estimating its position with a view to compelling the golfer to play his shot exactly as it should be.

For instance, on the municipal course in San Francisco, about all the player has to watch out for is not to pull or slice his ball. He then gets into difficulties, but he has little to worry about as to whether or not his ball carries a more or less distance.

It is a well-proven fact that a player who goes over a properly constructed course which calls for shots to be made in a definite manner, will find that he has improved his play anywhere from ten to fifteen strokes. This may sound like an exaggeration, but it is a fact none the less.

The eastern golfer has to pay more attention to the fact of whether or not his ball falls dead or carries after alighting. It is necessary for

him to give some attention as to the height of trajectory, something which does not seem to give much concern on the Pacific coast. There are not many golfers here who can figure with any close approximation just how far their ball is going to travel after hitting the ground. With the hazards properly placed these particular shots would have to be made with a fair knowledge of just what run the ball can take without getting the player into difficulty. In other words, the element of luck is minimized and there is a closer approximation to the right way the shot should be made—or the perfect shot.

For instance, on the third hole of the St. Louis Golf club course, where the recent national championships were held, all carry is the order, 180 yards over a pond. The rising hill whose crest bears the green, calls for a shot whose trajectory would carry it 225 yards if the ball were to land level with the tee.

On the fourteenth hole, 414 yards, the long driver will appreciate its uniqueness which calls for a carry of 225 yards over a regular river Styx to reach a point on a plateau. A shooter drive will mean a blind hole. With the many new links which constantly are coming into being, it would be well for the advancement of the game if every care were exercised to see that capable architects have the laying out of the course. Slipshod methods means a lack of interest on the part of players in the course. They will seek elsewhere for terrain to bring out their game.

## SPORTS CHATTER By BILL UNMACK. PACIFIC SPORTS SERVICE

Any swimmer who is easily discouraged should never try to paddle across the English channel. Only twice has this stretch been crossed by a swimmer. Captain Matthew Webb was the first to cross in 1875 and in 1911 William T. Burgess got across. There is no correct record how many times Webb tried before he succeeded, but it was not until his sixteenth attempt that Burgess was successful. Jabez Wolfe, the veteran English swimmer, has tried twenty-one times and failed. Horbein of England tried without success seven times. Annette Kellerman tried six times but failed and only two weeks ago Henry Sullivan, of Boston in his fifth attempt failed to make it. Now Sullivan says he is going to try again.

The United States Amateur "pentathlon" championship will be held at Travers Island, New York, under the auspices of the New York A. C. on Wednesday, October 12. The events forming the pentathlon championship are running broad jump, javelin throw, 200 meter run, discus throw and 1500 meter run.

Football is now in full swing throughout the country. Herewith the important games for Saturday, October 8: California vs. Nevada, Berkeley, Calif.; Oregon Aggies vs. Multnomah club, Portland; Oregon vs. St. Marys at Stanford; Washington vs. Whitman at Seattle; University of Southern California vs. California Tech at Pasadena; Harvard vs. Indiana at Harvard; Yale vs. North Carolina at Yale; Princeton vs. Colgate at Princeton.

Professional football is going bigger than ever this year in the east. Washington, D. C., is the latest city to organize a professional team. Many other cities that never before supported a professional team are now said to be lining up. So far the professional standards have not hit this Pacific coast, but there were rumblings last year in several sections, particularly in California, but nothing came of it. It would not surprise however in the very near future if former college stars did take to the game from the professional angle.

Verily the far east is watching the Pacific coast football situation. Seldom if ever before have scheduled games of this far west been considered important enough to place before the readers of eastern papers. A number of eastern papers each Saturday morning give a list of important games for the day, but in past years we failed to find coast colleges mentioned. Not one, but five big eastern papers, exchanges of which we have seen scheduled the "University of California vs. St. Mary college game" in their lists. There were probably more papers carried it and it goes to show that this far west is possibly forcing attention from the east.

## Horseshoe Pitchers to Hold Meeting Tuesday

W. H. Nichols, 322 East Fairview, treasurer of the State Horseshoe Pitchers' association, has just received a letter from the secretary of the association, George E. Krimball of Long Beach, calling attention to the meeting to be held on the grounds of the South Park club, Los Angeles, next Tuesday afternoon, October 11.

The meeting will be attended by state officials and delegates who will discuss the question of holding the state tournament, its date and place. Mr. Nichols will attend in his official capacity as treasurer, and there will no doubt be other members of the local association who will be present at the meeting.

Mr. Nichols felt confident that with the support of the local members and the Chamber of Commerce, Glendale would land the tournament. In commenting on the possibility of holding it here he said:

"Needless to say we shall do all in our power to bring the event to Glendale, and I think the time will be about the middle of November. If we get the tournament we shall be compelled to ask some help from some of the Glendale boosters to finance the event, but a small amount from each will do it fine."

## Harold Lloyd Comedy King Public Verdict

It has been hinted that Charlie Chaplin is to be knighted on his visit to England and this causes some discussion as to who is the "world's comedy king." It is admitted that Chaplin has a wonderful reputation for making people laugh, but the public at large recognizes Harold Lloyd as the "comedy king."

### SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Advertisement.

## GOD'S DAY, HOUSE BIBLE CONFERENCE AND BOOK ARE FUNDAMENTALS AT PRESBYTERIAN CHURCH CLOSING

Rev. C. M. Calderwood of Excellent Musical Program Is Local Congregational Urges Given; Noted Speakers on Support of Religion Program for Last Day

The subject of Rev. C. M. Calderwood's sermon at the Presbyterian church yesterday was "God's Day, God's House, God's Book." "These," he said, "are the three great supports of religion. We agree that religion is necessary for the well-being of the world," he added. Other things are discredited. Materialism, force or education without religion cannot save the world. It is only obedience to God's law that can save the world. It requires effort to maintain and develop our religious life. We may lose sight of our ideals and forget our noble purposes. Our religion needs supports.

"It needs the support of God's Day. God set aside a day for man's good. Our minds need a special day for higher thinking. We need the day for the best things of the soul. We need to stock up on virtues and ideals. Jesus gave a definite, positive instruction for the Sabbath. If we are sufficiently interested in the positive, the negative will take care of itself. Answer the question of what you should not do on Sunday by answering the questions of what you should do.

**Defines Church As Mother**  
"Our religion needs the support of God's house. Where would religion be without the church? The church is the mother of the best there is in life. The church is the only institution devoted exclusively to the development of man's highest nature. It is needed to interpret the new learning, to relieve the stress and strain of life and to supply the higher moral motives that are needed today in our complex civilization. Support the church by your giving and by your regular attendance.

"The other great support of religion is God's Book. Religion needs God's truth, and we get that truth from His book. If we neglect God's Book we will neglect His day and His house. All of these are fundamental in religion. Do not neglect them."

### Henrietta Smith Ford to Quit Family Fireside

An imaginary tear glistened in the eye of Jesse Smith, local Ford agent; his chest heaved and his voice shook with emotion.

It was on account of Henrietta Smith-Ford.

"I do hope she gets a good home," he sobbed. "She is so young, so innocent, so unsophisticated, about traffic cops and road hogs! Ever since she came here from Detroit, the boys at the Ford agency have been just like a mother to her. They have tenderly nurtured her on the best gasoline and carefully supervised her diet. She has never been out alone before. I do hope who ever gets her will be kind to her. Although she comes from a large family, she is so delicate—so delicate—I do hope she will not be treated roughly or left in a cold garage to get rheumatism. Her throat is quite tender, and she must not be fed any coarse, crude oil. But she's affectionate, too, and will repay any kindness with a purr of appreciation."

The fact of the matter is that Mr. Smith was so busy spending money himself at the bazaar that nobody could have wrung a tear out of him with a laundry mangle.

As told elsewhere in The Glendale Evening News tonight, Henrietta will depart next Wednesday night.

### John A. Fisher Says Quick Work Obtained

"Talk about quick building," said John A. Fisher, of 608 West Doran street, Saturday afternoon about 3:30, "at 10:30 o'clock this morning this house hadn't even been inspected. Three lathers came and wanted to go to work. Now the exterior has been given a coat of paint. Today the men will be able to give the interior another coat of paint. The shingling, plumbing, wiring and all have been done since last Tuesday. It was only yesterday that the wiring was inspected."

The house in question is a five room frame house with a breakfast nook and a screen porch. Mr. Fisher is anxious to get the exterior finished as soon as possible because he sold his former home a few doors away and the family moved in there Saturday. So Mr. Fisher stored his furniture in the garage and got out a 14x14 army tent. He is also building a house at 629 Alexander street.

### Coloradan Acquitted on Parricide Charge

GREELEY, Colo., Oct. 10.—After more than fifteen hours' deliberation the jury returned a verdict of not guilty in the case of Rienzi C. Dickens, charged with the murder of his father, a prominent banker of Longmont, Colo. The alleged parricide occurred in 1915 and Dickens had been previously convicted of second degree murder, but was given a new trial on appeal.

Dickens is said to have accumulated a fortune in California real estate during the past five years.

### PRAYED FOR REPORTERS

NEW YORK—Bishop Alma White at a prayer meeting in Brooklyn offered a special prayer for newspaper reporters. She suggested them as "press agents for the Lord."

The sixth annual Bible conference of the Presbyterian church came to an end last night with the congregation looking forward with anticipation to the next church program. There was considerable comment on the excellent musical program yesterday. It was given under the direction of Mrs. Fannie Marple Retts with Miss Carolyn Bailey at the organ. Besides Mrs. Retts, Miss Pansy E. Sheldon, Anthony Pratt and C. Clifford Riggs also sang. The music during the entire program was called a treat by those who attended the conference.

Saturday night Rev. George W. Davis of the Christian alliance, gave an address of remarkable scope, importance and interest. His subject, "The Perfect Day," signified that great future period when all that has been—perverted and ruined through the intrusion of Satan shall have been at last totally destroyed and a new heaven and earth established. He quoted scripture—from the very first revelation concerning the pre-Adamic earth down through the history of mankind. Dr. Davis showed how the divine plans were working for the redemption of the human race and preparing for the coming rule on earth by Jesus Christ as king during the millennium, and a great period of which God says "Former things are passed away; I make all things new."

### View From Mount Olivet

Dr. Courtland Meyers of Los Angeles, who was recently connected with the noted Tremont Temple in Boston, Sunday morning described "The View From Mount Olivet."

"The world is not getting better; it is getting worse," declared Dr. Meyers. "The map of the universe was never so blackly stained as now. It is a remarkable fact that from the top of Mount Olivet you can see over more territory religiously than from any other spot in the world. We get the whole of the view of scripture truth—sobered and Bethleheim, the wonderful incarnation; westward, Calvary symbolizing the atonement; and in another direction the resurrection. Where are we going to get our reconstruction except in the human heart? There is nothing more important in the Christian world today than the return of Jesus Christ to the Mount of Olives. Jesus Christ is coming back and He only has the power to reconstruct and change this vile world into one fit for His glorious presence."

### Course of World Empire

"The Symbolism of Daniel's Image" was the topic of Dr. F. W. Farr's lecture yesterday afternoon. Dr. Farr has been pastor of the Calvary Baptist church of Los Angeles for a number of years. He traced the course of world empire and stated that civilization is now living in the time represented by the feet of clay on the image of King Nebuchadnezzar's dream which was interpreted by Daniel upon revelation from God.

"What Will Save Religion in the United States?" was the subject of the evening address by Dr. Courtland Meyers.

"If there is any part of God's word to be emphasized it is the practical part, something to be practiced six days a week," declared Dr. Meyers. "This country and the rest of the world is getting more and more away from religion and we have got to get back to it. Other nations and countries weakened and faded when they neglected their religion. The civilization of a country is always on a grade with its religion. Just as soon as religion goes down, morals go down too, and then civilization."

"In God's name let us see how we can save religion in the United States. It is a crime to young manhood and womanhood that the greatest book of all ages is kept out of the public schools. Be loyal to the church; be loyal to Christ; be loyal to the Good Book and live a life of Christian service."

Before the war very little industrial alcohol was used in this country. Production on a large scale was begun to supply the needs of munition makers, and now the annual production of denatured alcohol exceeds 90,000,000 gallons.

### RECOVERS HEALTH AT 70 FROM INTERNAL BATHS

Mrs. L. M. Wadlin, 2043 National Ave., San Diego, Cal., writes Tyrell's Hygienic Institute of New York as follows:

"Within the last month have had wonderful results, and all inflammation has nearly subsided. I could hardly expect a woman over seventy to receive benefit from a trouble of long standing as quickly as a younger person. Money could not buy my J. B. L. Cascade, if I could not get another."

It is difficult to believe how many serious troubles Internal Bathing will relieve, until you realize that Physicians agree that 95% of human ailments are caused by accumulated wastes in the lower intestine.

The "J. B. L. Cascade," the scientific method of Internal Bathing, removes in a perfectly natural way, all poisonous waste, and has been so successful in promoting health that over half a million intelligent Americans are now using it regularly.

## CHURCH BAZAAR IS SUCCESS, SOCIAL AND FINANCIAL

Returns Over \$3500; Auto to Find Its New Home by Next Wednesday Night

The bazaar at the new Holy Family Catholic church, which closed at midnight Saturday after a prolonged carnival of merrymaking, earned interest at six per cent on about \$60,000.

The entire proceeds from the affair amounted to about \$3600. The first night's profits were \$652; the second, \$673; the third, \$1439. To these sums must be added a net donation of about \$750 from Henrietta Smith Ford.

If the affair could be operated at the same rate of profit six days a week for a year, like any other business, it would yield a return of about \$432,000 which is interest at six per cent on \$7,200,000. This sum would be sufficient to erect over six \$65,000 churches. However, none of the exhausted ballyhoos had time enough to pause and reflect upon the possibilities in the organization of the Glendale Bazaar Company, Inc.

Proving that even a priest may be uncertain at times, Father James S. O'Neil Friday night predicted that the returns would amount to about \$3000. They didn't—they were \$500 in excess of that sum. No wonder the smile on his face is broader than ever!

**Yes, Business Was Good**

The biggest income Saturday night came through the fancy work booth which turned in \$600. The country store also did a "fair" business—\$275 to be exact. Pies, cakes, pickles and "cats" brought \$257. The kewpie auction, vigorously continued until the last doll had been sold, netted \$104. The children's booth reported sales of \$90, mostly to "children" over twenty-one. Sixty-seven dollars were turned in by the candy booth, \$39 from the handkerchief booth, and the check room collected \$21. The smallest separate item was \$5.85 from the sale of six pairs.

A two year's pass at the Glendale Theatre was auctioned off, dramatically, by Harry Girard, local actor and singer, who stimulated the keen bidding in regular movie style from the top of a chair. After spirited rivalry between Jesse Smith, George McLaughlin and Dr. Milton, Barry the prize was finally won by Joe Fortunato.

Sylvia of the Delis, the large pink-clad, bonneted, aristocratic doll, who "queened" it over a court of kewpies until deserted by them one by one, went home Saturday night with Miss Margaret Brennan.

**Henrietta Not Yet Wed**

Owing to the fact that some of the donations for the Ford had not been turned in Saturday night, a committee decided out of fairness to everybody to retain Henrietta until Wednesday night. On this date, it is understood that after a very impressive ceremony she will be given to her future "husband" for "better or worse."

A partial list of those who won prizes follows: Gerald Hastings, 719 East Wilson avenue, wrist watch; Ed Carmargo, 119 North Belmont avenue, gold beads; Frank J. Fange-mah, 1511 Kenneth road, toaster and casserole; Miss Dorothea Vogel, 525 North Jackson street, sweater; J. B. Broderick, 214 South Louise street, bath suit and box of stationery; R. C. Pierce, 910 East Colorado street, and Mrs. A. Leary, woolen blankets; Jack Thomas, of the White Inn, smoker's stand.

## Constructive Program Advocated by Bankers

LOS ANGELES, Oct. 10.—The 3500 delegates to the American Bankers association convention which has been in session here last week are returning to their homes pledged to carry out a comprehensive program indorsed as one of the final acts of the convention, with a view to bringing about business adjustments calculated to effect an early return of good times. The report of the resolutions committee, adopted just before the convention ended, included the following:

The government's present action to lessen unemployment was approved. In this regard, construction of highways and the carrying out of other public work was urged. Congress was asked to enact equitable laws affecting the system of taxation and revenue. The repeal of the excess profits tax was demanded. President Harding's forthcoming conference on armaments was given hearty approval.

Indorsement was given to a well devised sales tax as the most satisfactory method of raising additional revenue that may be required.

Economy in government was declared essential and the budget plan now in operation was lauded.

A plan for giving financial aid to war stricken nations under a scheme of international credit, known as the Ter-Moulen plan, was sanctioned. The bankers promised to aid the farmers with adequate financing. Indorsement was given to the plan for a large canal connecting the great lakes, the Ohio and the Mississippi and a canal connecting the great lakes and the St. Lawrence.

## MAN ON FIRE; WIFE SAVES HIM FROM SERIOUS BURNS

**Woman Throws Bedding Upon Flames; Dairy Business In Valley Is Profitable**

E. L. Dyer, proprietor of the Tujunga laundry, is in a hospital in Los Angeles in a very serious condition as a result of burns received when gasoline from a pressure tank was ignited while he was preparing to refill it. Mrs. Dyer extinguished her husband's burning clothing by throwing bedding over him, and neighbors prevented serious damage to the laundry by throwing sand on the flames.

**Dairy Business Profitable**  
 The thing that is attracting the most attention in the vicinity of Lancaster is the dairy business. It promises to be the most profitable industry of the whole valley. The consumption of milk has been increasing at a very rapid rate for the past few years and it seems a long time before over production can be expected.

## John R. Grey Writes on School Bond Issue

Editor The Evening News:—Permit me space in your valuable paper to call the attention of the voters to the unfair apportionment of the grammar school bond fund to the various districts.

It is strange that this apportionment announcement was withheld from the public until the very eve of election.

A careful analysis of the situation will show there is now on the east of Brand boulevard, exclusive of Cerritos avenue school, which is not provided for unless there are "left overs," the following five schools: Acacia avenue, Magnolia avenue, Colorado street, Broadway, and Doran street, with a registered attendance of 927 pupils. West side of Brand, we have three schools: Pacific avenue, Columbus avenue, and Central avenue, with a total of 1065 pupils, or 138 more pupils west of Brand.

The total bond is \$260,000 apportioned as follows: New school, Grand View district, \$26,000; schools east of Brand, \$205,700; schools west of Brand with 138 more pupils to be cared for, \$27,700.

Now is this fair to the school children and taxpayers west of Brand, and will they vote the bonds?

Now, Mr. Editor, as if that were not enough for the poor taxpayers east of Brand, we have another committee appointed, nobody seems to know how, for the selection of a high school site that will require another bond issue of \$750,000. And where, if you please, do they propose to spend that money? Why that, too, must go to the east side, and as they have no more room left in Glendale on that side for public improvements, they select a site to all practical purposes in Eagle Rock or just on the Broadway line.

The above analysis shows a large majority of our school children west of Brand with a large majority of our school facilities east of Brand, and almost the total new bond issue appropriated east of Brand. Who is "playing possum" with our school interests, and will the voters stand for it? The largest voting precinct in the city is No. 2 west of Brand boulevard. Wake up.

Yours for fair play.

## Miss Gertrude Wyckoff Bride of Lloyd Ogier

"The sun was shining with all his might—and that was very odd because it was the middle of the night!"

There was a regular elopement in Glendale Friday morning, but Old Sol sort of crabbed the Romeo and Juliet act with his local brand of California sunshine.

Miss Gertrude Wyckoff, 600 South Adams street, is now spending a pleasant honeymoon in San Francisco as Mrs. Lloyd E. Ogier.

At the usual hour Friday morning she left home for high school. An hour or so later her mother was somewhat surprised to notice that few of her belongings in her room were in evidence. However, the bureau drawers were locked and she came to the conclusion that they had been put away for some unknown reason. When a telegram came announcing the marriage at high noon in Los Angeles Mr. and Mrs. Wyckoff were greatly surprised and somewhat perturbed.

Mr. Wyckoff left almost immediately in his car for the Bay City. No, he was not in pursuit of the elopers—he was driving Robert Taylor, 205 West Acacia avenue, Miss Alice Watson, 124 North Cedar street, and several others to the annual convocation of Good Templars. While in San Francisco, he expects to see his daughter and give his new son-in-law the family blessing.

Until a year ago the Wyckoff family lived in Burbank where the bride met Mr. Ogier. They had been engaged for some time. The day following the ceremony was Miss Wyckoff's birthday. She was 17. Her parents were very anxious that she should finish school before "committing matrimony."

## J. F. Stanford Is Given Contract for Bungalow

J. F. Stanford, contractor and realty dealer, 112½ South Brand, is laying much stress on the contracting end of his business, he having just landed another contract for a \$3500 bungalow for John V. Baldwin, 1313 North Columbus avenue. The home will be a modern five room bungalow with breakfast nook and hardwood floors. Mr. Stanford has started the construction work and building will be rushed to a finish.

Mr. Stanford is also busy building a \$5000 home at 523 Milford street, which he expects to sell as soon as completed. Material is also arriving on the ground for a modern six room house at 428 West Lexington drive. This home will also be placed on the market as soon as completed.

In addition to the building activity Mr. Stanford's office is handling many real estate transfers, and Saturday sold two lots on Kenwood, just south of Broadway, for \$5500.

## FAVORS DIPLOMATIC MOVE

WASHINGTON, Oct. 10.—The question of granting free passage through the Panama canal to American ships should be settled through diplomatic channels or by arbitration and not by legislation as provided in the pending Borah bill, because the "peace of the world rests upon the sanctity of treaties," Senator Colt, Republican, of Rhode Island, declared in the senate.

It makes a man feel pretty small to think that if he were to die today one of the chief worries of the rest of the force tomorrow would be how much they would be expected to contribute for flowers without appearing cheap.

Watson, Mr. and Mrs. W. W. Worley and the host and hostess, Mr. and Mrs. Daniel Campbell.

### Farce Is Presented

Following dinner the guests were invited to adjourn to the grounds in back of the Campbell residence, where along side of the hills a space had been cleared for a stage, which was banked with pepper boughs. The lights for the stage were stretched from the pepper and pine trees overhead, making a very effective setting for the little farce which had been arranged by Mrs. Campbell. She stated that as there were many bankers who had been attending the convention in Los Angeles who were members of the Knights Templar lodge to greet them and the grand officers the Glendale Commandery would hold a special session at this time. The farce was a "take-off" on the manner in which a Commandery meeting supposedly takes place, and was enacted by the wives of the officers. Improvised Templar costumes, including chapeaux with many colored plumes, shawls and blankets decorated with vari-colored crosses instead of capes, yard sticks for swords and in other ways carrying out this substitution for Templar regalia. The manner in which the Grand Officers (ladies) and visitors were received at this mock Templar meeting caused gales of laughter.

**Community Singing**  
 The evening's entertainment also included a "Bird Dance," by graceful little Blossom Moore, and community singing led by O. E. Von Oven and vocal solos by Mrs. Robert Wankowski. Prizes were also awarded for the winners of the afternoon athletic events, these being given to the ladies of the Sir Knights, Mrs. Andrew Copp, Mrs. Day, for tennis; Mrs. H. H. Betz and Mrs. Sam Davis, for pitching horseshoes; Mrs. Charles Marshall and Mrs. Emma Sudlow, for quoits; Mrs. Thos. Wood and Mrs. W. E. Evans for golf.

The guests departed at a late hour after many expressions of appreciation for the hospitality of Mr. and Mrs. Daniel Campbell and for the very jolly time given the members of Glendale Commandery No. 53 and guests.
